atmosfair

# Certificate

for reducing greenhouse gas emissions

JVB Travel AS  
has saved **5,080 kg**  
of CO<sub>2</sub> greenhouse gases on Apr 14, 2025.

## What does your climate protection contribution accomplish?

With your climate protection contribution in the amount of 127.00 Euro, you are supporting the following projects:

**Senegal: Renewable Electricity from Solar Systems**

With your contribution Senegalese households can be supplied with clean solar energy throughout the year.

**India: Efficient Wood Gas Stoves**

Your contribution reduces CO<sub>2</sub> emissions and enables families in India to cook smoke-free.

**Mali: Rural Electrification**

With your contribution, more villages in Mali can be electrified and supplied with green electricity for the first time.

atmosfair operates its projects according to the Clean Development Mechanism (CDM) outlined in the Kyoto Protocol as well as the "Gold Standard" established by international environmental organisations. Independent organisations approved by the United Nations (e.g., TÜV) audit the projects' actual CO<sub>2</sub> reductions.

With your climate contribution (no compensation) you support the development and expansion of renewable energies in developing countries. The emission reductions are credited to the project countries.

United Nations  
Framework Convention on  
Climate Change
